Kozo Kaos is one of the most sought after entertainers in New Zealand. With over 12 years of experience in the industry he combines the art of juggling, magic, and circus with comedy, danger and macabre to create a uniquely edgy and unforgettable performance resulting in sold out shows at various theatres and venues across New Zealand including the Wellington Opera House and the iconic Powerstation in Auckland

At the tender age of 9, Kozo Komatsubara's parents took him to see the circus that was visiting his hometown. Ever since walking out of the big top he dreamed of running away with the circus. Soon after he was floored yet again by a performance from a professional juggler. It was then that he decided to pursue his dream, so he picked up some tennis balls and taught himself how to juggle.

Kozo spent most of his high school years practicing and street performing as well as performing at local festivals and corporate events. Soon after graduating he got his first big contract and ran away with the circus.

After touring New Zealand with the circus Kozo got his next big contract as a resident performer at New Zealand's premier theme park Rainbows End, Where he would perform 2 shows a day on weekends and everyday during the school holidays, Including performing up to 82 shows in 41 days during the summer holidays.

After his year long residency Kozo decided to get back into street performing full time and travel around the world.

Now, Kozo has fast become one of the youngest professional performers from New Zealand. Known for his versatile, high octane live shows, Kozo's diverse skills and abilities span across multiple disciplines like juggling, magic, and circus stunts with elements of danger and Rock 'n' Roll, keeping you on the edge of your seat.

**“Everyone loved the high energy performance and great crowd interaction. Kozo was very professional to deal with and exceeded my expectations”**
